

# JAMES MARTIN COMPANY

## About Us

---

James Martin Company was founded in 1952, to represent manufacturers in the commercial plumbing, HVAC, and water treatment industries.

## What We Do

---

James Martin Company provides the highest quality specification products available. We have built and maintained solid partnerships with architects, engineers, wholesalers, and contractors positioning our agency as the premier manufacturers' representatives in the United States.

## Why Us

---

We take pride in offering valuable services to our clients and customers. Our outstanding level of services are supported by providing competent, knowledgeable representatives, on-site training, and local inventories.

## Our Service

---

- Manufacturers Representation
- Local Inventory
- Design & Technical Support
